ONE HUNDRED OR BUST

+ −

PV

Materials

One die and a record sheet.

Organisation

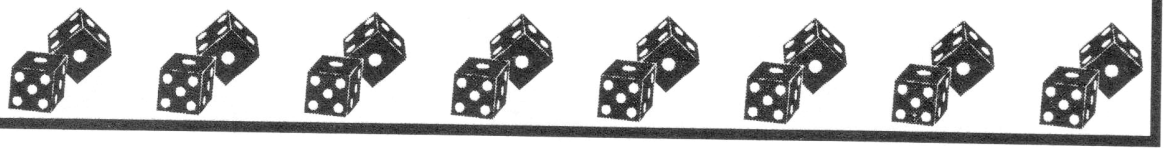

Pairs or whole class.

Rules

- Each player takes a turn to roll the die
- Place the number rolled in either the tens or the ones column of the record sheet (e.g. a three may represent either 3 or 30.)
- After 7 throws the numbers are totalled and player closest (but below) 100 wins.
- If you go over 100 you "bust".

Variation

- Begin with 100 and subtract the values on each line of the record sheet. The player whose total is closest to zero wins.
- One player rolls the die and all players must place that number in either the ones or the tens column on the board.
- Roll the die six times and fill in all six spaces on the"Six Roll Board". Then find the total.
- Alter the total.
- Play One Thousand or Bust using a H.T.U board.
