## Before School / After School Care Program

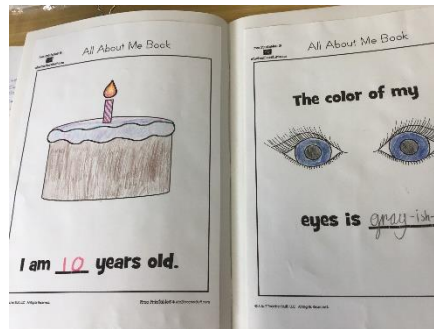

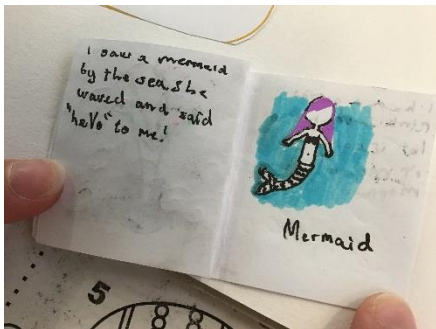

### Welcome Back!

We have enjoyed welcoming children and parents back to OSHClub. Despite being away so long, the children fell into their regular routines. It was as though no time had passed at all – except that they had grown in stature and were more mature. We have been listening to the stories the children have to tell about lockdown. We always focus on the positives, so we ask what they enjoyed the most – spending time with their parents was the winner. And what have they enjoyed most about being back at school - spending time with their friends.

### What we have been up to.

The children have enjoyed chatting with friends, drawing, reading, learning about Spain, contributing to the daily journal, playing with blocks, starting their Portfolios, doing science experiments, building train villages and, perhaps the highlight, making mini books.

### What's next

In our "Children's Meeting" this week, the children asked for different types of puzzles, emphasising difficult to solve word and maths problems. We were flabbergasted! And of course, we will accommodate them. They also asked for chocolate (no, we won't be doing that).

**Enrolment is free.** Simply create an account online at [www.oshclub.com.au](http://www.oshclub.com.au) All bookings, cancellations and children absences are managed via the online account. For on-the-day bookings, please contact the coordinator directly at the program. All children must have an "active" enrolment to attend the program. That is, where required, all medical/additional needs documentation must be up-to-date, and medication must be present and within expiry dates at the service
